

# Moe-Clean SYSTEM

The most productive cleaning system available

**Clean 10,000 square feet without having to stop**

LittleMoe, in combination with the Moe-Cart, is the fastest and easiest way to achieve beautiful results when cleaning commercial carpets. This combination is ideally suited for facilities with multiple carpeted

rooms like schools and places of worship. It is also perfect for facilities with long, carpeted corridors or large open areas like convention spaces, health care facilities, or high-rise office buildings. LittleMoe is so

named because it uses very little moisture to produce amazing results. LittleMoe's robust design and ease of use make it ideal for both the novice and professional alike.
